

Sermon Notes: July 30, 2017

Money, Stuff, and God

Series: "Sermon on the Mount: True Worship"

Matthew 6:19-24 • Pastor Paul Bradford

- Invest in what lasts forever.
 - Your heart will be where your investments are.
 - Fix your gaze on Christ and his light will fill your being.
 - Choose your master wisely, you can't serve both God and money.
-
- **Our Response: How you handle money impacts the soundness of your thinking, the trajectory of your life, the depth of your love, and your walk with God. So serve God, not money!**
-
- **Life Application**
 - Are you storing up treasures in heaven? Where is God calling you to be more faithful or more generous in your giving?
 - As you look at where you give your time, money, and energy, where is your treasure? How can you give more towards what you want to treasure?
 - How can you develop a "good eye" — a singleness of heart and mind for the Lord? Where in your life do you sometimes have an "evil eye" — an eye that covets or hoards?
 - Are you serving God or money? What can you do this week to let God be your master?
