**Questions for family/small group discussions:**

**Making progress toward spiritual healing:**

**1. The \_\_\_\_\_ .**

a. When you read through Numbers 21:4-9, what are some of the symptoms and the dangerous condition that are revealed by the Israelites? How have you seen these same symptoms and condition revealed in your own heart and life?

b. What does Jeremiah. 2:13 say about how we often act to satisfy the deep thirst of our souls? What might be your most common "cistern"?

**Two conditions that lead to our healing:**

a. \_\_\_\_\_.

Can you recall a time when God may have used trouble in your life to lead you to look up to him?

b. You dump the \_\_\_\_\_ - \_\_\_\_\_.

When you read Numbers 21:7, what do you see here as an important part of the healing that leads you to treatment?

**2. The \_\_\_\_\_ .**

When you read John 3:14-16, 2 Corinthians 5:21, and Isaiah 53:5, what did Jesus do to become your treatment? How does Jesus' suffering and death make a difference for your sickness of distrusting God, wanting things and discontentment?

**3. Treatment \_\_\_\_\_ .**

What are some of the ways or evidences that you tend to be a doer rather than humbly looking to and depending on Jesus? How might your life change as you "Lay your deadly doing down" and "Stand in him and him alone, gloriously complete"?

**Resources for progress in faith and maturity:** *Real Simplicity* by Rozanne and Randy Frazee, and *Holiness by Grace* by Bryan Chapell.
